

Trademark Use and Brand Guidelines for Contractors Enrolled in a GAF Residential Roofing Contractor Certification Program

These Trademark Use and Brand Guidelines (“Guidelines”) apply to contractors enrolled in a residential roofing contractor certification program (“Program”) offered by GAF Materials LLC or GAF Canada ULC (collectively, “GAF,” “we,” “our,” or “us”) and are a part of the agreement between GAF and you with respect to your participation in such Program (“Agreement”). Your use of GAF trademarks, service marks, certification marks, badges, logos, and other designations, identified herein or otherwise identified by GAF, whether registered or not, (collectively, the “GAF Marks”) must comply with these Guidelines, which we may update from time to time by posting an updated version to gaf.com/Brand-Guidelines and any other instructions and conditions that GAF may provide to you regarding the GAF Marks.

As a valued member of the Program, we give you access to a variety of free GAF-branded marketing materials, such as brochures and sell sheets, to help you educate your customers about GAF products, services, and contractor certifications. We also offer paid co-branded marketing materials, such as business cards, folders, and lawn signs, that you can customize with your own company name or logo. To view available materials, log in to the **GAF Partner Portal** and click on the link for the **GAF Online Store** or visit gaf.com to download GAF brochures and sell sheets.

You may also create your own advertising and marketing materials to identify your Certification(s), and advertise, promote, and sell GAF products and services that you offer in your Designated Territory so long as the information that you provide is truthful, accurate, and not misleading, and your use of GAF Marks complies with these Guidelines and the other terms of the Agreement, including, without limitation, the Program Guidelines referenced in, and incorporated into, the Agreement.

To access appropriate contractor certification logos and documents, log in to the **GAF Partner Portal** and go to the **GAF Marketing Documents** section of the **Document Library**.

If you have questions about the proper use of GAF Marks, please contact ccp@gaf.com.
